

The New England Chapter of ISPE presents:
**New England BioPharma
2005**

Charity Luncheon & Trade Show

Featuring keynote speaker:

Brian Hanifin

**Director, Process Team Leader, US PharmOps
Novartis Pharmaceuticals Corp.**

“Novartis US PharmOps Productivity Transformation”

Learn about Novartis' two year productivity initiative resulting in a transformation to process oriented teams, dramatic change in mindset (paradigm shift), implementation of Lean Manufacturing, re-engineering of key business processes and a 48% reduction of overall period cost expenses.

New England BioPharma is your opportunity to not only showcase your products and services to a very large audience assembled from all over the Northeast but also to hear our featured presenter speak about Novartis' productivity initiative.

50% of the proceeds from the luncheon will be donated to charity, 25% will go to speaker's charity of choice.

Date: Thursday, January 27, 2005
