How to disable the Safari popup blocker

From the **Safari** menu, make sure **Block Pop-Up Windows** is unchecked.

How do I disable my Norton Internet Security/Personal Firewall popup blocker?

1. Open Norton Internet Security's/Firewall's main window (you may click the firewall icon on the system tray or use Start->Programs->Norton Firewall)
2. Click the **Ad Blocking** line.

3. Click the **Turn Off** button.

The screenshot shows the Norton Personal Firewall interface. The title bar reads "Norton Personal Firewall". The menu bar includes "Security Monitor", "Block Traffic", "LiveUpdate", "Options", and "Help & Support". The main content area is titled "System Status:" and contains a list of features with their status:

Feature	Status
Security	On
Personal Firewall	On
Intrusion Detection	On
Norton AntiVirus	On
Privacy Control	On
Ad Blocking	On

The "Ad Blocking" row is highlighted with a red border. To the right of this list is an "Ad Blocking" section with a description: "Ad Blocking helps eliminate unwanted ad banners and pop-up ads on Web pages." Below this description are two buttons: "Turn Off" and "Configure". The "Turn Off" button is highlighted with a red border.

At the bottom of the window, the Symantec logo is on the left, and "Norton™ Personal Firewall 200" is on the right.
