

Event: WASHINGTON 2010 CONFERENCE
Session: E09 - Trends in Biologics Manufacturing & MedImmune Tour of Therapeutic Protein Facility
Session Leader: Deepak Agarwal and James Bouressa
Dates: Wednesday-Thursday 9-10 June 2010
Location: Washington, DC

Wednesday, 9 June

Start Time	End Time	Presentation Title	Speaker	Company
		(Speak and Leader Breakfast at 7:00)		
7:30	9:00	Breakfast		
		Therapeutic Proteins Focus		
9:00	9:15	Welcome and Introductions	Deepak Agarwal James Bouressa	Jacobs Consultancy Pfizer
9:15	10:00	Practical Strategies for Fitting Higher Titters in an Existing Facility This presentation will address purification process development and manufacturing operations strategies to enable facility fit within multiple large scale manufacturing sites. It will also describe a facility-specific modeling tool for evaluating the maximum recoverable titer and identifying purification bottlenecks at each recovery step.	Jean Bender	Genentech
10:00	10:30	Networking Break		
10:30	11:15	Pfizer Case Study: Just-in-Time Buffer Skid	Marcus Fiadeiro	Pfizer
11:15	12:00	Need a title and a short description please		
12:00	13:00	Lunch		
13:00	17:00	Tour of MedImmune Therapeutic Protein Facility - All Afternoon	Steven Miller	MedImmune
17:00		Seminar Adjourns, Reception		

Thursday, 10 June

Start Time	End Time	Presentation Title	Speaker	Company
7:00	8:00	Breakfast		
8:00	8:30	Welcome to Day Two and MedImmune Facility Discussion	Steven Miller	MedImmune
		Vaccine Focus - Manufacturers' Global Response to H1N1 <i>How did these companies address myriad manufacturing and supply chain issues on this immediate-need, pharmaceutical product? Learn from their experience.</i>		
8:30	9:15	Potential? Called 4-28-10 and left VM and EM		
9:15	10:00	The H1N1 Vaccine: Perspective and Insights from the Manufacturer of the Pandemic Nasal Spray Vaccine	James Wong	MedImmune
10:00	10:30	Networking Break		
10:30	11:15	CSL Biotherapeutics H1N1 Case Study	Mary Sontrop	CSL, Ltd.
11:15	12:00	Novartis H1N1 Case Study	Russell Thirsk	Novartis Vaccines and Diagnostics
12:00	13:00	Lunch		
13:00	13:45	Keynote - HHS Vaccines Office	Robin Robinson	HHS Office of Vaccines
13:45	14:30	GSK H1N1 Case Study	Marc Sohet	GlaxoSmithKline Biologicals
14:30	15:00	Networking Break		
15:00	16:00	Q&A and Panel Discussion	Robin Robinson Thomas Warf	HHS Office of Vaccines and all available speakers
16:00		Seminar Adjourns
